# PRESS RELEASE

July 2006

Available for immediate release

## Dredging Specialist Joins Camden Shipping

Camden Shipping Corporation is happy to announce that we have retained the services of **Don Searles**, the owner of Dredging Specialists, to be our Director of Technical Services and the on-site Project Manager of our Dredging Division.

Mr. Searles has over 30 years experience as a dredging contractor, builder of dredges, and consultant. His company has completed over 150 dredging projects in 22 states. For the past 25 years all contract work has been completed with dredges and proprietary dredging systems designed and built by Dredging Specialists.

Mr. Searles has completed consulting projects throughout the U.S. and five other countries.

Having Mr. Searles leading our dredging team is another step in our commitment to provide our clients with the highest quality dredging services that are available in the industry.

*The above release is from Camden Shipping itself and was not printed in any medium.*
